Experienced Technical Lead with expertise in embedded software, software development, Linux, mobile devices, wireless, Android, C++, RTOS, and various programming languages including Java, C#, JavaScript, HTML, and Node.js. Proven innovator with 85+ international patents, 35+ US patents, and 40+ pending patents in the field of computer software. Strong leader, mentor, and collaborator experienced in managing geographically and culturally diverse teams.

****Technical Skills:****

- Embedded Software
- Software Development
- Linux
- Mobile Devices
- Wireless
- Android
- C++
- RTOS
- Embedded Operating Systems
- Java
- Solution Architecture
- C#
- Javascript
- HTML
- AI (Artificial Intelligence)
- Agile Methodologies
- Software Development Life Cycle
- Node.js
- Amazon Web Services (AWS)
- Microsoft Azure
- Natural Language Processing
- Windows Software Development
- Presenter
- Software Architecture
- Speech Recognition
- US Patent

****Professional Experience:****

****Technical Lead****

Shutterstock, Charlotte, NC | 2020 - Present

- Collaborate with cross-functional teams to define and deploy solutions using various technologies such as speech interfaces, artificial intelligence, cloud platforms, security, wearables, wireless, and handheld products.
